NSKFDC can assist a wide range of income generating activities. However, it will not finance merely infrastructure development schemes. In cases, where the infrastructure development leads to income generating, it can be considered for financing.

- For the Safai Karamcharis (including Wastepickers)/Manual Scavengers, the proposal should be such, which generates enough income to the beneficiary to push him above the poverty line and leave scavenging work for his livelihood. This is an important aspect because imparting of assistance, without generating sufficient income for the beneficiary, serves little purpose.
- Some of the indicative activities/projects that can be taken up by the Safai Karamcharis (including Wastepickers)/ Manual Scavengers, are enumerated in **Annexure-B**.

### **VIII. CHANNELIZING AGENCIES (CAs)**

The schemes and programmes of NSKFDC for the socio-economic upliftment of the Safai Karamcharis/Manual Scavengers and their dependants, are implemented by the Channelizing Agencies to whom loans are granted for further sanction and disbursement to the identified beneficiaries.

The State level Scheduled Caste Finance and Development Corporations or any other agencies are nominated by the concerned State Govts./Union Territory Administrations as the State Channelizing Agencies(SCAs) for the implementation of the schemes and programmes of NSKFDC. Further, the schemes and programmes of NSKFDC are also implemented through Regional Rural Banks (RRBs)/Public Sector Banks (PBS), called Additional Channelizing Agencies (ACAs).

Whereas SCAs are nominated by the concerned State Govts./Union Territory Administrations, the selection of Regional Rural Banks(RRBs)/Public Sector Banks (PSBs) as a Channelizing Agencies is based on the following criteria:-

**DETAILED GUIDELINES FOR HOLDING AWARENESS CAMPS****A. GENERAL**

The target group of NSKFDC are the most down trodden section of our society. They have been traditionally performing scavenging and sweeping work for generations, which normally is not performed by other sections of the society. The involvement of a majority of adult population in scavenging and sweeping has given them a negative social image and status and such jobs are termed as their traditional occupation. The negative image of this community and the hazardous and unhealthy working conditions have hampered their acceptability by society at large in acquiring other skills, jobs and even certain type of self-employment. As a result, majority of the youths from this community have not been able to break away from their traditional occupation which, besides being obnoxious, has limited income-earning potentials and hence they generally live in abject poverty. Sometimes, because of the hazardous and obnoxious work, many of the adults from this community become alcoholic and drug addicts, which adversely affect their economic conditions and health. The evil vices have sucked many families into the vortex of indebtedness and abject poverty. Due to the difficult conditions of the family, there are cases where women have been compelled to take up the traditional occupation thereby perpetuating the exploitation of women.

2. Through education, information and communication, NSKFDC hopes to persuade the Safai Karamcharis (including wastepickers)/ Manual Scavengers to stop and break away from their traditional occupation of scavenging and sweeping and take up alternative and dignified occupations or self-employment activities. NSKFDC also targets their dependants to dissuade them from taking up the traditional occupation performed by their parents and forefathers in an attempt to break the cycle by providing them opportunities for trainings in any skills, trades and entrepreneurial development and loan facilities at low interest rates to start any economic activities of their choice.

3. To enable them to break out from the depressed social and economic conditions, the Ministry of Social Justice & Empowerment, Government of India and NSKFDC have been implementing various schemes and programmes. The main features of the various schemes and programmes are already mentioned above.

4. To bring about awareness, the SCAs may conduct Awareness Camps in consultation with NSKFDC and in coordination with the municipal, cantonment and railway authority. The SCAs should also seek the assistance of the district authority. The awareness programmes should encompass activities from identification of beneficiaries for training and recovery of loan and also to dissuade the target group from performing their traditional occupation and counsel them to take up more socially acceptable occupations.

5. Awareness Camps are to be organised in the localities/basties/villages/colonies of the target group by choosing the most convenient place and time for maximum attendance. Conducting Awareness Camps could be very effective considering the fact that the target community normally lives in a compact area.

6. The SCAs should exercise austerity measures and attempt to limit the expenditure to the minimum extent possible. The upper limit of expenditure reimbursable by NSKFDC is Rs.30,000/- per Awareness Camp.

## **B. Organization of Awareness Camp**

The Awareness Camp may be conducted in the following manner:-

1. Awareness camp shall be held only after it is approved and sanctioned by NSKFDC for claiming reimbursement from NSKFDC. The state-wise awareness programme could be proposed and included in the annual action plan of NSKFDC.
2. Awareness camp may be conducted in the localities/basties/colonies of the target group. The camp may be coordinated with the Municipal Corporations/Cantonment/Railway authorities if it is held in their colonies.
3. The SCA should normally hold the Awareness Camps in open ground or Govt. Building/Panchayat Ghar/Community Halls, if it is located in the locality of the target group and is also convenient for them to congregate.
4. The local authorities like the Collector/BDO/SDO/Tehsildar, Patwari and apolitical Safai Karamchari/Manual Scavenger activists and NGOs may be invited to attend the Awareness Camps.
5. The proposal containing the date, venue, time, the population of target group living in the area, estimated expenditure along with items of expenditure should be sent to NSKFDC at least a fortnight ahead of the camp to enable NSKFDC to take necessary action.
6. The SCA may hire vehicle/auto or cycle rickshaw along with Public Address system a few days before the Awareness Camp including the Awareness Camp day to cover the entire locality for informing the Safai Karamchari and Manual Scavenger community about the Awareness Camp and give wide publicity to the schemes and programmes of NSKFDC and the Ministry of Social Justice & Empowerment. Other information relating to loan applications, processing of loan applications, training programmes, verification process, documentation requirements, recovery of instalments, etc may also announced. Providing the above information will enable interested persons from the target group to come prepared to fill up the preliminary/SCA loan application forms. The SCA should lay special stress on the women folk and the dependants/youths of the target group to attend the Camp.
7. The SCA should make preliminary loan application forms (as per format enclosed at **Annexure-i)** in the vernacular language of the target group and distribute them during the camp so that interested persons from the target group may fill them up and submit it during the camp itself.
8. The SCAs should scrutinize the preliminary application forms submitted in the awareness camps and assess their eligibility to become beneficiaries for loan or training or both; take necessary action for verification, completion of their loan application requirements, etc. and forward the project proposals to NSKFDC for sanction.
9. Along with the claim for reimbursement of the expenditure, the SCA shall submit a brief report on the Awareness Camp held in the format enclosed at **Annexure-(ii)**.

## **C. Publicity through posters/leaflets:**

For the purpose of carrying out intensive publicity in localities/villages/basties of the Safai Karamcharis(including Wastepickers)/Manual Scavengers about the objectives, various schemes and programmes, and eligibility criteria, the SCA may print posters/leaflets in the vernacular language of the target community with the prior approval of NSKFDC. The proposal for printing posters/leaflets may be forwarded to NSKFDC, indicating the number of copies to be printed, the matter to be printed and estimated cost for the same for approval for reimbursement of the cost of printing.
